

The Mission of the Friends of Oxon Run Park

The mission is to address the needs of conservation of natural resources and preservation of greenspace in Ward 8.

1. FOR Preservation | Trees, fauna, flora and wildlife.
2. FOR Equity | Respecting historical value of the community and the park.
3. FOR Access | Meeting people where they are.

EQUITY IS NOT A BUZZ WORD!

What To Do

Who We Are

We want to create an urban oasis in the park that re-ignites the spirits of its citizens as we re-imagine a new future.

What We Do

Oxon Run Park is the largest park in the DC Department of Parks & Recreation inventory. The Friends of Oxon Run Park partners with DPR to activate this amazing piece of landscape for recreational use. There is a stream restoration project in the pipeline and a huge solar farm in the park.

Get Involved

DPR has a lot of programming in the park that you can find on their website. FOR specializes in outdoor learning and connecting families to nature to promote mental and physical wellness.

The Park, Tree Canopy & Investment

Oxon Run Park graciously gives us an opportunity to improve our physical, mental and spiritual well being if we take the time to see the beauty it offers.

You can enjoy nature walks, bird watching, art in the park, exploring citizen science, clean ups, bullet melt art demonstrations, kite fly, story time, forest bathing, raptor presentations, poetree and trauma breaks. Learn more about the beautiful magnolia bogs and other tree species and birds that flourish in the green space that continues to offer great benefits to the Ward 8 community.
